Sixth term: The parties will begin negotiations for a successor agreement in July 1990 to cover the period July 1, 1990 through June 30, 1991.

Selectmen were pleased with the agreement and gave special thanks to Attorney Caron for his expertise in negotiations.

In other business, Selectmen:

MET WITH Mr. Al Ewing, representing the new branch of the New Bedford Institution for Savings Bank that will be building a new branch in the former Cape Cod Cabinet shop on Mechanic Street and Route 6. Arthur C. Thompson is the architect for the project. The cabinet shop will be demolished, said Mr. Ewing.

Mr. Ewing explained the state has to give its approval to remove curbing for the west side of the property near the fire station as Route 6 is a state-controlled road. He explained that the one way, 30 foot radius entrance will necessitate taking the curbing out, and he also sought permission from the Selectmen to give up about 16 linear feet of sidewalk for the entrance. GAVE PERMISSION to Rick DeTucci, chairman of the Recreation Committee, and John F. Haley, president of the Mattapoisett Youth Athletic Association (MYAS), to operate a non-profit concession stand in the bath-house at the town beach.

Mr. Haley said the proceeds will go to maintain the town beach, with the balance used to repair the athletic fields. The stand will be operated by two college girls at \$5. per hour. It will be open Monday through Friday, 10 a.m. to 4 p.m., and Saturday and Sunday, 10 a.m. to 6 p.m., and will be selling ice cream, soda, snacks, but no sandwiches or hot food.

Mr. Haley further explained the MYAA raised \$15,000 last year with \$13,000 being spent for athletic equipment and repairs to three ball fields.

On another matter, Selectmen, at the recommendation of Recreation Chairman DeTucci, set the fees for the town beach for parking and swimming lessons.

The fee for swimming lessons will be \$5. per child up to a maximum of \$10. per family for the season. Non-resident walk-ons will be charged \$1. per person. Guests of residents not being accompanied by the residents will be charged \$1. per person.

A letter from John Shockro, Recreation Director, noted the following personnel has been hired to work at the beach: Beach Director, Paul Sanford; Instructor, Stacey Johnson; Lifeguards, Colin Black and Priscilla Clark; Attendants, Kim Normandin, Pam Hiller and Beatrice Ingram.

RECEIVED A MEMO from Building Inspector Bobola in which he estimated the cost of repairing and renovating the old police station to the rear of the town hall at a total of \$5,200. The inspector felt these figures may be higher in today's construction market and he recommended Selectmen obtain several estimates or possibly going out to bid.

For the exterior, \$1,925; interior work, \$2,150; restroom and office, \$1,650; plumbing and electrical work, \$475.

MET WITH Nicholas Makrys of Marion who drives the Dainty Maid ice cream truck throughout town. He said a police officer asked him to move his truck from a parking spot on the wharf on Thursday night's teen dance.

Mr. Makrys said the officer told him he needed a special permit. Selectmen and Mr. Makrys agreed on a spot for the truck on the southwest corner of Shipyard Park on Thursday nights on a seasonal basis. Se-

Mrs. Adams, who resigned as executive sec-
retary effective July 21, 1989 and had served
for 17 years in the Selectmen's office, was
asked by the Board of Selectmen to consider
working on a temporary basis, and she agreed.
She will begin work on Monday, July 9th,
with the understanding she can stop at any
time.

Selectman Daniel O. Mahoney made the pro-
posal, which Chairman John N. DeCosta and
Selectman Bernard F. Talty agreed to, as a
short-term solution to have some administrative
help and to utilize Carol's knowledge in pre-
paring an advertisement for a permanent ad-
ministrative position and interviewing appli-
cants. Mr. Mahoney noted that Carol would
have the option to submit an application
for the permanent position if she wished to.

The salary of \$576.92 per week (based on
the anticipated annual salary for this position)
would not include any benefits, as she would
be considered a special employee on a temporary
basis.

On a long-term basis, Selectman Mahoney
said, Carol did not wish to make a commitment,
but she didn't say no and will be given the
opportunity to apply. "If we have Carol, we
wouldn't need to be so quick to hire some-
one, but can wait for the most experienced

Selectmen agreed on a salary range of \$30,000 to \$35,000 yearly salary for the permanent position. The board agreed to invite the Personnel Board to a meeting that will include board member Steven Lombard, who was a former Mattapoisett executive secretary and is now an administrator to the Selectmen in the town of Norton, to give them some guidelines and suggestions for hiring an executive secretary in today's market. Following this meeting, Selectmen will advertise the position.

Formerly Town Clerk Lois K. Ennis served the board as a part-time Selectmen's Administrator. This position was terminated on June 30, 1990, with Mrs. Ennis remaining as Town Clerk. The office is now being maintained with a clerk from a temporary help company.

(On Friday, Carol Adams explained to this writer that she is still employed by Keller Co. and her benefits are covered. Carol left the town's employ to join Keller Company when the developers were planning to develop the Manuel R. Nunes property off Brandt Island Road for a golf course/housing development. Carol said, "The Keller Company project is on hold at this time. They are still seeking funding, so I have time available. The Selectmen approach-

In other business, Selectmen:

ANNOUNCED work has been done in the old police station to make it available for the town nurse. The walls have been painted, the wiring and plumbing has been restored and carpeting laid down, with funds from town hall expenses.

Anyone wishing to see the nurse should enter by the rear door in the parking area at this time. Selectmen have plans to break

Selectmen also plan to look at the basement of the new police station to build three, eight foot cubicles to store records from the assessors, treasurer, and town clerk. Advice will be sought on the proper ventilation for the storage area in the new station. If the work can be done under \$10,000, bids can be sought on the phone.

VOTED TO CHANGE the fee at the town beach to the one charged in previous years. This year the fee at the opening of the season was \$5. per vehicle and \$1. for each passenger with a maximum of \$3., totaling \$8.

The fee will be returned to \$2. per vehicle and \$1. for each passenger; the \$3. maximum figure will be eliminated.

Selectman Mahoney said the town charges a nominal fee only to regulate parking, not to

make money. Selectmen suggested possibly restricting the beach parking to residents and charge no fee.

ACCEPTED WITH REGRET two resignations from the Board of Appeals, both effective August 31, 1990: Jane E. Zycho-wicz, chairman, has served for four years, resigned "as personal commitments prevent me from continuing as a board member. Serving on the board has been a most re-warding experience." Alan H. Apperson resigned as his time schedule made the action necessary. He thanked the board for the opportunity to serve the town.

Selectmen expressed sincere regret at losing two active members who have con-tributed so much of their time and talents to the Appeals Board. Selectmen are seek-ing names of persons interested in serving either as a full board member or as associ-ate member; there are two vacancies.

VOTED TO APPOINT David A. McLaughlin of the law firm of McLaughlin and Folan, as special town counsel to represent the town in Ruel versus Board of Appeals and Ruel versus Board of Appeals (two separate cases) and related proceedings, and to classify special town counsel as a special municipal employee under the state law.

ALSO VOTED to authorize special town counsel Perry, Hicks and Crotty, in connection with Blanchette versus Board of Appeals, to enter an appearance for the building inspector and an action for declaratory injunctive relief to enforce the zoning by-law.

Selectman Mahoney abstained from voting in both proceedings due to a conflict of interest. Mr. Mahoney served on the Board of Appeals before his election to the office of selectman.

Marion Council on Aging

DEAR AVID GOLFERS:

The Marion Council on Aging wishes to thank you for your enthusiastic part in the 1990 Sippican Shop/Patriot Restaurant Golf Tournament. We so appreciate your generous help, especially at this time when public money is being curtailed and budget restrictions are in effect.

These monies not only help the Summer Meals-on-Wheels Program for the frail elderly, but also enable us to give the Drop-In Center a few needed amenities. The Drop-In Center, especially during the last year, has been a very busy place. It is used twice weekly for the Bridge Club, the Knitting Group, Whist Players, Podiatrist, Sippican Seniors, and other Seniors' use when necessary.

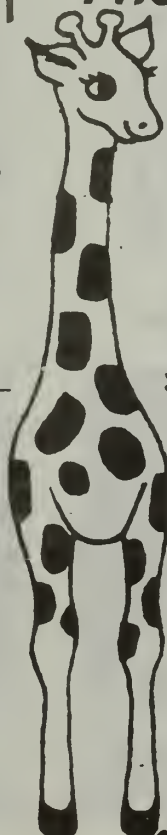

We supply the coffee, cream, sugar, napkins and cups and any necessary appliances. As you realize, this adds to our budget and with your help makes it a place to relax and enjoy.

Sincerely,

C. Clark Streeter, Chairman

there is much preparation in advance so the Council is requesting that seniors gather up some pine cones and bring them to the Council office at Town Hall, Room 202, during the next two months. You don't have to climb the stairs; if this is a problem, have someone call up to the Council and we will come down for them.

We thank you for your cooperation.

less than the actual charge. (Don't forget - you must also meet a \$75. deductible each year before any benefits are paid.)

If you are a Medicare beneficiary in Massachusetts, and the medical services are covered by Medicare, a very important law known as the "Medicare Ban on Balance Billing" limits the fees any doctor may charge you as a Medicare patient. The limit is equal to the "approved charge" as determined by Medicare and indicated on the "Explanation of Medicare Benefits" form. This limit applies to all doctors who practice in Massachusetts and who agree to treat Medicare patients.

So, how much do you have to pay? Suppose you receive Medicare covered services from a doctor in Massachusetts and get a bill for \$150. The "Explanation of Medicare Benefits" you receive shows that Medicare has determined the Reasonable approved amount for the service to be \$100. Assuming you've met your \$75. Part B deductible, Medicare will pay 80% of this amount, or \$80. You (or your supplemental insurance) are responsible for the remainder of this amount, or \$20. Because of the "Ban on Balance Billing" law, you do not have to pay the additional \$50

VA insurance policy?

Answer--No. You must write VA and provide complete identification of the new beneficiary.

Question--I am a divorced veteran. Can my ex-husband force me to maintain him as beneficiary on my VA life insurance policy?

Answer -- Under your Government Life Insurance contract you have the right to designate or change a beneficiary at any time. You can do this without the knowledge or consent of your designated beneficiary or beneficiaries. The United States Supreme Court has ruled that state courts cannot restrict your right to make changes to your beneficiary designation. All changes must be made in writing to the Department of Veterans' Affairs.

Veterans who have Government Life Insurance are reminded to review their beneficiary designations and optional settlements according to John Montgomery, Director of the Providence VA Regional Office.

The naming of a beneficiary should clearly indicate the person or persons you want to receive the proceeds of the policy at the time a claim is filed. A Veteran has the right to designate a new beneficiary or make an optional settlement selection at any time. It is usually a good idea to also name a contingent beneficiary in case the primary beneficiary predeceases the insured. If a veteran dies

eye talk

Q.

My daughter-in-law says my 7-year-old grandson needs bifocals. Aren't bifocals strictly for us older folks?

A. Not necessarily. Most young people don't need bifocals but optometrists sometimes prescribe them for various reasons.

For example, some nearsighted children need strong glasses to see things far away clearly but the glasses make reading vision more difficult. Bifocals give them the right prescription for both distance and near vision in one pair of glasses.

Some children have bifocals with a prescription for reading on the bottom and a clear lens on top. Optometrists may prescribe these to make it easier for the eyes to focus on close work. This may help in controlling or preventing nearsightedness. Sometimes bifocals are used in treating crossed-eyes.

Wearing bifocals is not necessarily a sign of early aging.

Butterfly Census

Less than two decades ago at the dawn of America's green consciousness, John Michael Pyle took the helm of an environmental movement, the significance of which few people recognize. In 1971 Pyle established the Xerces Society, a non-profit organization dedicated to the prevention of human-caused extinctions of rare invertebrate populations

and their habitats.

The Society is named for the Xerces Blue Butterfly (*Glaucopsyche xerces*), a diminutive creature that inhabited the dune areas of San Francisco until the early 1940s. The Xerces Blue was one of the first butterfly species in North America to become extinct because of man's destruction of its limited habitat.

In founding the Society, Pyle noted the need for "a kind of stewardship large enough to embrace the very small". He recognized that to "curate the grand collection of living invertebrates means to husband most of life on earth".

Invertebrates are simply animals without backbones and thus include insects, spiders, crustaceans, mollusks, and other small scale life in every phylum of the animal kingdom.

Butterflies are considered as critical to pollination as are bees. They are also a staple for creatures on the lower levels of the food web, and their presence or absence is indicative of the health and abundance of the numerous plants on which they feed.

Since 1974 the Xerces Society has coordinated an annual butterfly census to collect baseline data and help determine the health of butterfly populations across the

continent. Local conservation organizations and field biologists from across North America lead groups of volunteer butterfly enthusiasts on counts in their local areas.

On Sunday, July 15, for the fourth consecutive year, the Lloyd Center for Environmental Studies in South Dartmouth will sponsor such a count. Mark Mello, Research Coordinator for the Lloyd Center and a member of the Xerces Society, will lead the census.

Participants will travel with Mello, who has been studying lepidoptera since his early childhood, to the prime butterfly habitats in Dartmouth and New Bedford.

They will assist in sighting, netting, identifying, and counting the specimens present.

The day's events will begin at 9 a.m. at the Lloyd Center, where common butterfly species will be on display. Mello will provide an overview of the life history and structure of the butterfly, note the species likely to be encountered, and explain netting and capturing techniques. Participants will car-pool to the three census sites, all of which are within a fifteen mile radius of the North Dartmouth Mall. The butterfly count is scheduled to end at noon, but, because Lloyd Cen-

CANOE TRIP ON ACUSHNET RIVER

When one thinks of spending a quiet day in the country, canoeing down a clean waterway and taking in the sights and sounds of the wildlife that lives along it, the Acushnet River is not the first river to come to mind.

Most people know the Acushnet as the site of the first underwater Superfund hazardous waste site in the country. They think of it as it runs over PCB-laden sediment and through the heart of New Bedford's industrial area.

But the Acushnet River is much more than

 INTO FAMILY EYE CARE

MIKE KOBZA
 Optician

Can any glasses be used for sports?

Not really. If the sport is passive, such as golf, or fishing there is no problem at all in using your regular prescription glasses. But, an active sport, such as basketball, football, racketball and tennis require protective eyewear. I think most everyone is unaware of the number of people who suffer eye injuries and, frequently, permanent damage to their eyes while playing sports. The sad part is that these injuries could have been prevented if these people had been wearing protective eyewear.

If you are currently wearing glasses and do play a sport, your optician can fit you with a sports goggle which would have the same prescription lenses as your glasses. These lenses, however, will be made of polycarbonate, a material which is unbreakable.

They have recorded most recently for Flying Fish Records. This season the Museum continues the tradition of providing the public with quality performances by renowned American Folk music artists. The concerts are considered family events and guests are encouraged to bring along blankets and lawn chairs for relaxing on the greensward. This year concerts will be held rain or shine, on the terrace under the Museum's new green and white striped tent.

FRESHMEN ENTERING O.C. IN SEPTEMBER

Freshmen entering Old Colony Regional Vocational-Technical High School in September will participate in a series of exploratory shops before electing their areas of technical training.

Each student will be scheduled into four shops, three of their choice and one assigned by a guidance counselor, and will spend one week attending each of those classes. During the rotation, the youngsters will experience the shops, related classroom instruction and academic programs. During this two-month period, the students will have the option of requesting transfers into other programs for a more complete sampling of Old Colony's offerings.

"We encourage them to try whatever they would like to try," indicates Paula Simmons, guidance counselor and coordinator of the exploratory program. "All shops are open to both boys and girls, and we encourage them to try several."

Following this period, students, with parental approval, will select their areas of concentration. "Above 95 percent are placed in their first choice selections", Mrs. Simmons continued. "It's based on their performance in all areas - attitude, responsibility, workmanship, the ability to work independently and to follow instruction."

IMPROVEMENT COUNCIL SEEKS MEMBER

Old Colony Regional Vocational-Technical High School is seeking a member of the community to serve on its School Improvement Council. The School Improvement Council Fund has been established by the legislature for the purpose of receiving annual appropriations that will be allocated to School Improvement Councils in the form of grants. Schools that establish school improvement councils can apply to the Department of Education to receive grants from the

OLD COLONY PLACEMENT REPORT

Old Colony Regional Vocational Technical High School in Rochester received good grades on a recent survey of former students conducted by the school. The placement survey was conducted through a Horace Mann grant by three of the school's staff, Richard Mitchell of the Guidance Department, Norman Reid of the Data Processing Department, and Bruce Ashworth of the Welding/Metal Fabrication Department.

The placement report encompassed graduates of the school's last four years. The survey indicated that of the school's 451 graduates, 330 or 73% of the graduates responded to the questionnaire.

The survey showed that nearly 60% of the former students are still working in the field they studied at Old Colony or a closely related area. Since graduation 19% or 63 students have furthered their education

Heritage Plantation has over 750 varieties
of the hybrid Daylilies which all bloom during
the middle of July through mid-August.
Spectacular shades of pink, yellow, burgundy
tones, and amber astound the senses in various
beds throughout the museum grounds.

Visitors to the museum are invited to sit
on any of several benches in the Sundial
Garden and enjoy the display. The Daylily
Display Garden also has benches where bed
after bed of the colorful profusion can be
enjoyed. Groupings of pinks and burgundy
tones, or golds and oranges or lavenders and
soft cream shades pair nicely against a back-
drop of pine trees or tall shrubs.

Hemerocallis, the botanical name for the
daylily, is derived from the Greek word mean-
ing beauty for a day.

During the day of the sale and lecture,
volunteers will be on hand selling snacks
and sandwiches as part of the museum's
fund-raising efforts. The proceeds from this
event contribute to the Horticulture Depart-
ment's budget earmarked for the purchase
of plant materials for the grounds.

Membership, as well as admission tickets
to the museum for the day, will be honored
for these events and will include admission
to all the museum buildings, exhibitions and
grounds. Tickets are \$7.00 for adults,

N.B. Whaling Museum

The New Bedford Whaling Museum, 18
Johnny Cake Hill will feature two exhibitions
this summer -- THE TRAIN TO NEW BED-
FORD: 150 YEARS OF RAILROAD HISTORY,
and an in-depth exhibition entitled WHALE-
BOATS.

THE TRAIN TO NEW BEDFORD commemo-
rates the 150th anniversary of rail trans-
portation to the New Bedford area. On
July 1, 1840 the first steam train arrived
in New Bedford. With the assistance of Paul
Levasseur as consulting curator, an important
collection of artifacts, pictures and documents
has been assembled to tell the story of how
New Bedford people traveled in the age of
the "iron horse". The exhibit opened on July
4 and closes September 30, 1990.

WHALEBOATS shows through the use of
models, paintings and photographs how these
small craft were designed, built and used.
Of particular interest is the half-scale model
of the Lagoda's whaleboat with sail raised.

The Whaling Museum is open on Mondays
- Saturdays from 9 a.m. to 5 p.m.; on Sun-

Summer Youth Theatre Festival

All fun breaks loose when the madcap Wright Bros. take over New Bedford's Zeiterion Theatre July 18th for a morning of children's entertainment during Summer Youth Theatre Festival 1990, sponsored by Shaw's Supermarkets.

Winners at the 1987 International Mime and Clown Festival, the Wright Bros.' brand of comedy bridges the generation gap. In this, their newest show, the Wright Bros. are five comically-mischievous maintenance workers who turn worktime into playtime. From the minute they punch in at the company time clock, they start having fun -- balancing ladders, juggling plungers -- even playing basketball with a rubber chicken. The zaniness builds until the Wright Bros. call for a coffee break and start a volleyball game against the audience.

The Wright Bros. are five New England performers who make up one of the most original and exciting troupes in today's "new vaudeville" movement. Their performances

Classics aren't born. They're bred.

This precision instrument owes its heritage to the Swiss Army Knife. For over 100 years, the Swiss Army Knife has been synonymous with the finest in Swiss engineering, craftsmanship and design. Now after all those years, a timepiece has been created that can measure up to that well-bred reputation.

Minute after minute. Year after year.
